East Central Regional Arts Council and the City of Pine City

Creative Minnesota

As the most comprehensive report ever done of the creative sector, *Creative Minnesota* is a new effort to fill the gaps in available information about Minnesota's cultural field and to improve our understanding of its importance to our quality of life and economy. It kicks off a new centralized, concentrated and long term endeavor to collect and report data on the creative sector every two years for analysis, education and advocacy.

Our first *Creative Minnesota* report, released in 2015, is a snapshot of the health and impacts of nonprofit arts and culture organizations in 2013 and looks at their spending and their audiences as well as other indicators of the sector's health and impact on the economy. It leverages new in-depth research made possible by Minnesota's participation in the Cultural Data Project (culturaldata.org).

The 29 state, regional and local studies done to date show **substantial economic impact from the arts and culture in every corner of the state**, from the Arrowhead to the plains of Southwest Minnesota and from the Red River Valley to the river lands of the Southeast.

Creative Minnesota was developed by a collaborative of arts and culture funders in partnership with Minnesota Citizens for the Arts

(MCA). The *Creative Minnesota* team includes Minnesota Citizens for the Arts, The McKnight Foundation, the Minnesota State Arts Board, the Forum of Regional Arts Councils of Minnesota, Target, the Bush Foundation, Mardag Foundation, and Jerome Foundation with in-kind support from the Minnesota Historical Society and others.

We hope that arts advocates, legislators, local government officials and arts and cultural organizations will use this report to find new ways to improve their lives and economies with arts and culture.
